SOFTWARE ENGINEER │REACT │NODE │UI/UX DESIGN

PROFESSIONAL SUMMARY

I specialize in frontend development using React, and modern UI tools. I often take ownership of both design implementation and performance, working closely with teams to turn ideas into polished interfaces. An excellent communicator with an uncommon ability to lead and motivate team members to achieve stated objectives.

AREAS OF EXPERTISE

- Frontend Development: React, TypeScript, JavaScript, [Figma](#)
- Backend Development: Node.js, API Design, RESTful Services
- Cloud Infrastructure and Version Control: AWS, (EC2, S3) Docker, Kubernetes, Git
- Soft Skills: Leadership, Team Collaboration, Adaptability, Problem-Solving, Communication

WORK EXPERIENCE

Frontend / Backend Developer - Intern (Traady Transfer Tech - Malmo)   Nov 2024 - March 2025

- Managed the full architecture and infrastructure of the app, leading both frontend and backend development as part of a small team.
- Studied and navigated an existing codebase to take full ownership of the project, ensuring seamless continuation and improvement of features.

React Native Technical Lead (White Orange Technologies LLC.)   Jun 2023 - May 2024

- Designed and developed a remittance app, creating over 60 UI/UX screens in Figma to guide development.
- Built both frontend and backend features to ensure smooth user experience and secure transaction handling.

Frontend & UI/UX Designer (Consultant)   Mar 2022 - May 2023

- Created wireframes and interactive prototypes for a health management app, helping the team test ideas early and make design decisions based on real user feedback.
- Built secure session management and feedback features to protect user data and improve communication within the app.

Web Designer (Consultant) (Crigo Web Services)   Jun 2019 - Feb 2022

- Specialized in web development using WordPress and JavaScript.
- Designed and developed custom websites and user interfaces for small businesses across various industries.

Graphic Design (Z-Tech Multimedia)   Jun 2018 - May 2019

- Designed intuitive and engaging user interfaces using tools like Figma, Adobe & Sketch..

EDUCATION

Graphics & Web Design (University of Education-Ghana. Bachelor's)   Sep 2013 - May 2017

CERTIFICATIONS

- Frontend Development (Free Code Camp).
