## WORK EXPERIENCE

### ● React Native Technical Lead

White Orange Technologies LLC. June 2023 - Feb 2024

- Orchestrated the development of a remittance app as the React Native technical lead.
- Led the entire UI/UX design process, overseeing the customization of the user interface for 64 screens.
- Leveraged React Native, Redux, and GraphQL to spearhead the creation of a robust frontend architecture, while also integrating backend functionalities using technologies like Node.js and GraphQL to ensure seamless communication between the frontend and backend components.
- Collaborated closely with cross-functional teams to facilitate seamless communication and alignment throughout the project lifecycle.

### ● Software Engineer

White Orange Technologies Sept. 2022 - May 2023

- Spearheaded the development of front-end interfaces using React.js, enhancing user engagement and interaction, resulting in a 15% increase in user retention.
- Utilized JavaScript to develop and implement new features, ensuring cross-platform compatibility and seamless user experience. contributing to a 40% increase in user engagement.
- Implemented backend solutions with Node.js, ensuring robustness and scalability, leading to a 20% improvement in system performance during peak loads.

### Software Engineer

Crigo Web Services June 2019 - Aug 2022

- Specialized in web development at Crigo Web Services, leveraging my expertise in technologies such as JavaScript, React.js, and Node.js
- Developed numerous websites, including multivendor e-commerce platforms, using my stack to implement robust frontend and backend solutions, resulting in an average sales increase of 30% for client businesses.
- Employed my stack to solve complex problems and ensure the delivery of high-quality solutions that met client objectives and exceeded expectations, contributing to a 35% improvement in customer satisfaction ratings.

### Web Design And Branding Consultant

Z-Tec Multimedia. June 2018- May 2019

- I utilized design software like Adobe Photoshop, Adobe Illustrator, and Adobe InDesign to create visually appealing graphics for advertisements, websites, and print materials.
